5. Critical appraisals of others with whom respondents have close family relationships;
6. Legally recognized privileged relationships, such as with lawyers, doctors, or

ministers;

7. Religious practices, affiliations, or beliefs of the student or student's parent; or
8. Income, other than as required by law to determine program eligibility.

1. Protected information surveys of students;
2. Instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; and
3. Instructional material used as part of the educational curriculum.

These rights transfer from the parents to a student who is 18 years old or an emancipated minor under State law.

The District has adopted a procedure regarding the above rights and to protect student privacy in the administration of protected information surveys and the collection, disclosure, or use of personal information for marketing, sales or other distribution purposes. The District will notify parents at the beginning of the school year if the District has identified the specific or approximate dates of surveys for which consent is required. For surveys and activities scheduled after the school year starts, parents will be provided reasonable notification of the planned activities and surveys listed below and be provided an opportunity to consent (protected information surveys) or opt their child out (marketing activities and certain non-emergency medical examinations) as required by the PPRA and state law. Parents will also be provided an opportunity to review any pertinent surveys. Parents who believe their rights have been violated may file a complaint with the Family Policy Compliance Office, U.S. Dept. of Education, 400 Maryland Ave., SW, Washington, DC 20202.
