RE: Elementary English Language Arts, grade 6-12 FACS, Technology, and World Language Textbook Adoption

During the 2017-18 school year, the elementary language arts, and a variety of middle and high school curriculum departments have completed an exhaustive study of the South Dakota content standards and best practices associated with instruction. The committee has developed course outlines and standards correlations for each grade level or corresponding course.

At the February 26, 2018 meeting I will present the recommended curriculum and textbook adoptions for grades KG-12. A summary of the proposals are as follows:

| <b>Course</b>                             | <b>Textbook Title</b>            | <b>Publisher</b>            | <b>Cost Proposal</b> |
