### **DISTRICT WEB PAGE DESIGN**

The Aberdeen School District 6-1 provides information to the world about local school curriculum, instruction, school-authorized activities, and other general information relating to our schools and District's mission. The pages also serve as a link to educational resources on the Internet for students and staff to access. The purpose of this policy is to provide for the safe, appropriate and responsible publishing of information and to help ensure a level of consistency among school department web sites. All information on the Aberdeen School District web site must conform to School Board Policies and regulations as well as established school guidelines. Neither the Aberdeen School District nor Technical Services will provide technical support for personal web pages.
